## 6 Ways for an NGO to Raise Funds at VDHM 2025

### 1. Exclusive NGO Pages

On successfully registering with Lakshyaa for VDHM, each NGO gets a unique personalized page on the Lakshyaa-VDHM website. The page displays details on the NGO, its appeal, contact details, the previous year's fund utilisation (if applicable), the total amount raised, the fundraisers supporting the NGO, and the NGO's privilege level.

**The main features of NGO pages are:**

#### About NGO

This section allows the NGO to share detailed information about itself, including the broad vision of the organization and how this vision aligns with fundraising through VDHM. This helps potential donors assess the NGO's credentials and credibility.

## Appeal to Raise Funds

Here, the NGO can add a catchy appeal to inspire fundraising support, encouraging both corporate and individual donors to contribute to their cause.

## Causes

This section lists the broad causes the NGO works on or has expertise in. It allows potential donors to choose the specific cause they would like to support through their donation.

## Individual Fundraising

All individual fundraisers supporting the NGO are listed here. Potential donors can visit any fundraiser's page to donate to their campaign. Having fundraiser pages improves the credibility of the NGO as these individuals are ambassadors of the excellent work NGOs do and help raise awareness for their cause.

## Donation Button

A dedicated donation button enables online contributions to the NGO via the Lakshyaa website. Donors can choose to make their names public, or they can keep it anonymous as per their convenience which will then be displayed.

**Donation Receipts:** All donations received on Lakshyaa-VDHM Microsite will be automatically disbursed to the NGOs based on the time taken by Razor Pay. Lakshyaa will support and work with NGOs to issue donation receipts as applicable within 10 working days from the date of receipt of funds. Lakshyaa will also provide GST invoice and TDS certificate against the service fee charged by Lakshyaa wherever applicable. Form 10BE certificates will be sent by NGOs directly to the donors before 31 March 2026 for the donations received for FY 2025-26.

## Picture Gallery

NGOs can showcase pictures/videos highlighting their work. If the NGO has participated at the VDHM in any of its previous editions, it can also include these photos/videos.

### Service Charges of Lakshyaa:

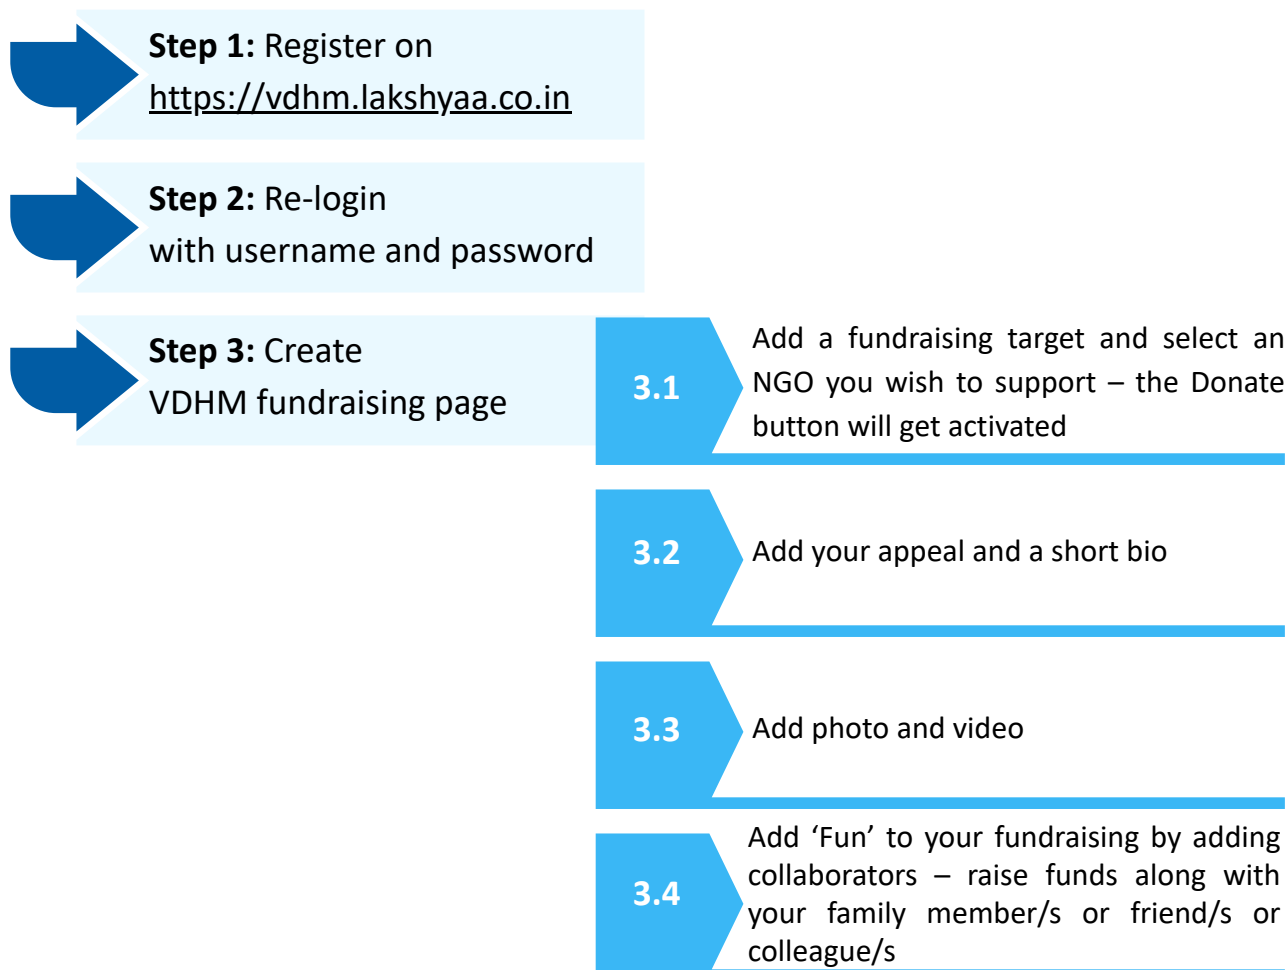

7.25% of all online donations made on <https://vdhm.lakshyaa.co.in/> shall be retained by Lakshyaa as the event's philanthropy partner for its capacity development initiatives and support provided to registered NGOs as part of their engagement in the event. Of all donations made through the said website, 92.75% goes directly to the NGOs, as Lakshyaa covers all the capacity development cost, platform charges, payment gateway charges and applicable taxes. In case of offline/direct donations to the NGO, the service fee for Lakshyaa will be 4.75%.

## 2. Social Stars

Social Stars are individuals who get involved with their chosen NGOs in a meaningful way through and support and raising funds. They are vital to the philanthropic efforts at VDHM. Any individual (who may or may not be running at the VDHM) can invite donations for an NGO by creating a fundraising page on the Lakshyaa-VDHM microsite and reach out to their friends, family, and networks. This is a unique opportunity for anyone who wants to support a cause they care about and inspire others to give, driving meaningful social impact. It's a simple yet powerful way to contribute to nation-building and support sustainable development.

### 3. Corporate Fundraising

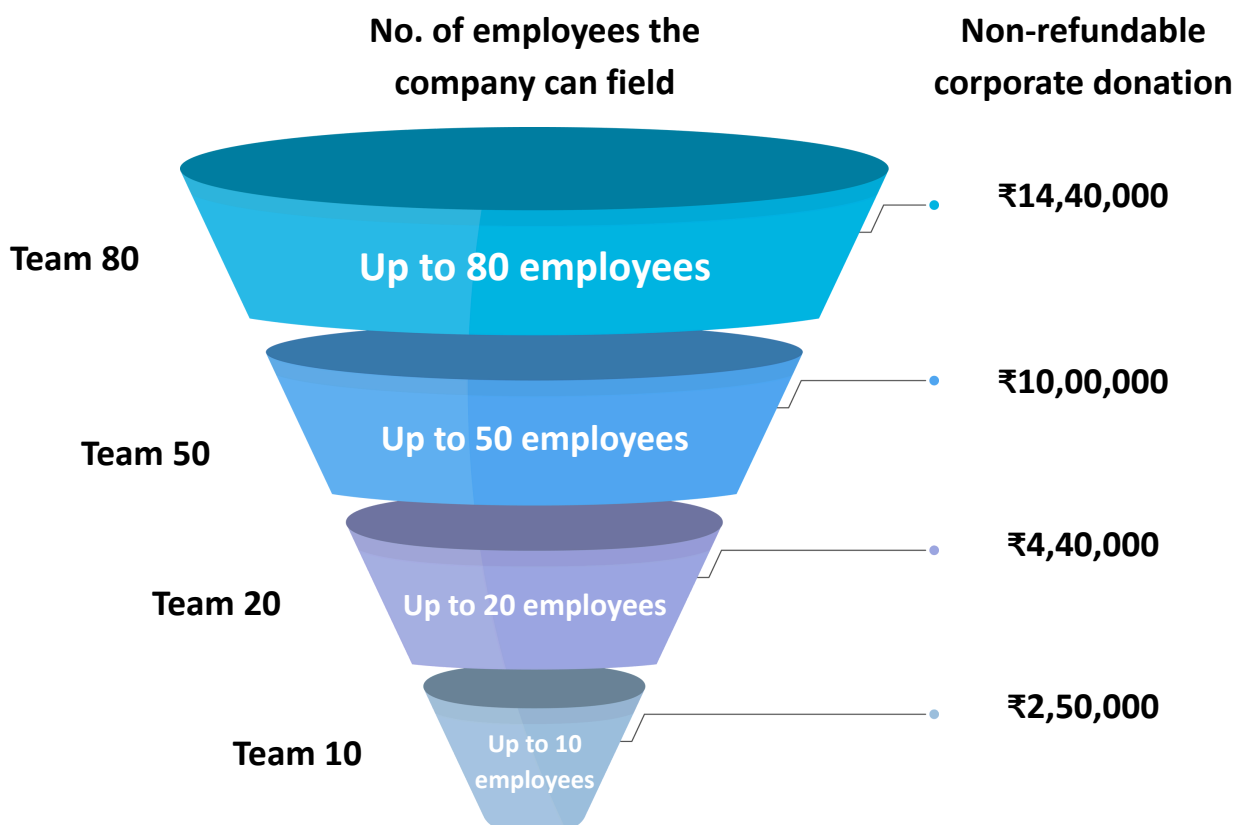

Research suggests that volunteering, donating to charity, and acts of kindness improve mental health, reduce stress, and enhance overall well-being. Corporate Fundraising is a category designed for companies who wish to field employee teams to participate in the Vedanta Delhi Half Marathon and raise funds for NGO(s), while promoting employee engagement, general well-being, and social consciousness.

**Participating as a Corporate team by supporting a charity, has many benefits:**

- ▶ **Fosters a socially conscious workplace:** Empowers employees to choose a cause they deeply care for and raise funds, thereby creating a positive and socially conscious environment.
- ▶ **Enhanced race day experience:** Provides employees with unique race day experiences, eg: Corporate Tent.
- ▶ **Brand visibility:** Their unique participation garners visibility for companies in front of thousands of runners and numerous spectators. The more participants in the contingent, the greater the visibility.
- ▶ **Encourages team bonding:** The event presents a unique goal, aside business targets, for employees across hierarchies to work towards – strengthening bonds between teams and encouraging the ‘fun’ quotient combining giving with innovative internal initiatives.

## Fielding teams:

Companies have the flexibility to form teams of their members by making donations directly to the selected NGO\* registered with Lakshyaa for VDHM 2025 as per table below.

*\*If a company's preferred NGO is not registered for the event, Lakshyaa will assist the NGO with the registration and onboarding process.*

### Please Note:

- The donation mentioned below does not include the applicable run registration fees for team members to run on race day; these need to be paid directly to the Event Promoter (vide cheque/DD/bank transfer) in favour of "Procum International Pvt. Ltd."
- Service Charges of Lakshyaa: NGOs supported by companies and fielding Corporate teams as above, are required to pay 10% (inclusive of GST) of the upfront donation made to Lakshyaa, as service charge in case the donations are made directly to the bank account of NGO. In case of donations made through <https://vdhm.lakshyaa.co.in>, the donations are automatically transferred to the NGO's bank account post 10% deduction. In case a company wishes to fund an NGO through their CSR fund, Lakshyaa will enable and support that partnership and the funds will be directly transferred from company to NGO as per the process of direct transfer to NGO mentioned above.
- Corporate donations once made will not be refunded under any circumstances of whatsoever nature.

**Important:** Participation slots in the Corporate Teams category will be available strictly on first come first serve basis, and subject to availability of running places in the desired race category. Lakshyaa reserves the right to inform corporates in advance if slots in a particular race category are not available. In such cases, corporates will not be able to select runners in that category or may have a limited number of slots available. To ensure desired race categories are available for team members, Corporates are urged to confirm their team slots and complete the team member run registration process at the earliest.

## Team Submission Process

Corporate team participation applications are handled through the official online portal managed by the Event Promoter - Procam International Pvt. Ltd. ## Team-Fundraising

Employees from participating companies can login to make their involvement in the VDHM even more meaningful by raising funds for an NGO. Further, corporates can use their Corporate Page to raise funds for their chosen NGO through employee and team contributions.

*The process of fundraising for employees belonging to Corporate teams is the same as Individual Fundraisers, but they also enjoy some extra benefits:*

## Offline Fundraising

Corporates can choose to collect donations from their employees and then donate the total amount as a lump sum in the name of the corporate to the NGO they are supporting.

To do this through offline donations, the following steps need to be followed:

Corporate needs to share the number of employees who contribute and their names to Lakshyaa in case the corporate achieves an 'incentive level' mentioned above and wants to include them in the shout-out on social media by VDHM and Lakshyaa

If the donation is made by cheque or demand draft (DD), copy of it should be sent to Lakshyaa's office at B406, ATS Haciendas, ATS Advantage, Ahinsa Khand 1, Indirapuram, Ghaziabad 201014, UP, or email it on [vdhm@lakshyaa.co.in](mailto:vdhm@lakshyaa.co.in)

For direct bank transfers, the transfer details must be emailed to Lakshyaa on [vdhm@lakshyaa.co.in](mailto:vdhm@lakshyaa.co.in)

Once Lakshyaa receives the donation receipt and required details from NGO, along with the Lakshyaa service fee, the donated amount will be updated on the corporate's fundraising page on the Lakshyaa website.

## 4. Run Clubs

Runners are the soul of the Vedanta Delhi Half Marathon. A highly motivated group of individuals driven by belief and purpose, key opinion leaders within their own circle of influence. What's more, runners are highly socially conscious individuals ready to take the next steps forward to support a cause they believe in, when supported and motivated in this journey of making a difference.

One more trait of runners is to come together and train together – each egging the other on in achieving the impossible! At present there are approx. 139 Run Clubs across the NCR region, and many more across different States, that attempt at participating at VDHM each year, whether through running or supporting other runners by manning a hydration station on route and cheering them on!

While many runners and run clubs have been actively fundraising at the event, the 20th edition introduces a unique opportunity for Run Clubs to support a cause each believes in, stand tall and contribute to nation-building through NGOs.

### The Process?

Quite simple actually.

- 3.1** Add a fundraising target and select an NGO the Run Club wishes to support – in case there is an NGO in your locality you wish to support, Lakshya team will facilitate the NGO's empanelment.
- 3.2** The Donate button will get activated.
- 3.3** Add your appeal and a short bio
- 3.4** Add photo and video
- 3.5** The fundraising campaign can be easily shared amongst your members.

### A Run Club can easily make raising funds a 'fun' activity...

- Get friends and families of Run Club members involved in supporting the cause
- If the NGO is in their locality, schedule one or two of their training runs along with NGO beneficiaries!
- Ideate and help innovate, making them own this fundraising journey!
- Importantly, encourage individual Run Club members to not restrict to merely donating, but also individually become Social Stars and explore raising funds! (details given below).

### Shine On as Social Stars

Individual Run Club members can take the next step, champion the cause, and raise the invaluable funds required by your chosen NGOs to create lasting on-ground impact.

Register as an individual fundraiser on <https://vdhm.lakshya.co.in>

#### Step 2

  - Invitation and access to the Grand Stand (up to 2 members per Club) on race day.
  - Special memento signed by the International Event Ambassador.

## 5. Top-Up Donations

All participants at the VDHM are encouraged to make a top-up donation while registering for their run on the official event website. Runners can select the Cause they wish to support. NGOs working for these causes stand a chance to receive funds from the cause-specific shared pool as empowerment and capacity building grants.

- Lakshyaa has engaged Lakshyaa Impact Foundation (LIF) to facilitate top-up donations made on the official website of Vedanta Delhi Half Marathon 2025.
- LIF shall be responsible for issuing donation receipts to the donors within 15 days of making a donation. Additionally, LIF shall be responsible for issuing a 10BE certificate to the donor by 31st March 2026.
- In order to process donations made and to issue the necessary receipts and tax exemption certificates, required information of the donor as required by law, viz. name, address, email ID, and PAN details, will be shared with LIF for this limited purpose.
- Only Indian residents residing in India will be in a position to make a top-up donation.

- Donations once made are non-refundable, regardless of runner registration acceptance.
- A deduction of 7.72% will be against top-up donations – 4.72% deduction made by Procam International for payment gateway and processing fees, and 3% by LIF as its processing fees. LIF will disburse the remaining donation amount to entitled NGOs as a grant as per instructions of Lakshyaa. Within 7 days of such disbursement of funds to the NGOs, LIF shall give Lakshyaa the proof of disbursal.
- However, for disbursements to be made, the NGOs selected and awarded with the said grant will have to submit a letter of purpose for donation to Lakshyaa and LIF.
- A letter of Utilisation within four (4) months of receiving the grant shall be submitted by NGO to Lakshyaa and LIF.

## 6. Charity Bibs

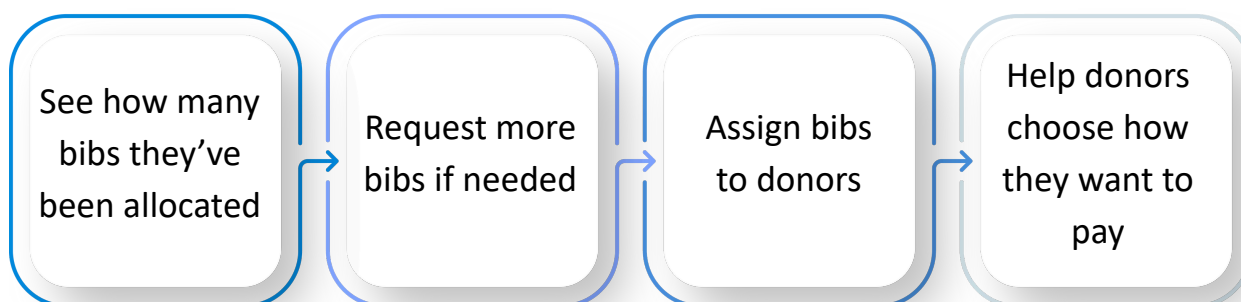

Charity Bibs are special running slots reserved across race categories at VDHM 2025 for NGOs to raise funds through supporter donations. These bibs guarantee entry to the event even after general registrations close, provided participants meet race rules, and until running places in desired race category last. Lakshyaa sets a minimum donation amount per race category to ensure fairness across NGOs, though NGOs have the liberty to request higher contributions. Runners using Charity Bibs not only secure a spot in the race but also help promote the cause they support, often displaying the NGO's name on their Bibs—making their run a visible act of social impact.

### 20th Edition Special:

To mark the 20th Edition, a significant number of running places of the Open 10K category have been placed in the custody of Lakshyaa for NGOs to utilize as Charity Bibs. What's more, all participants of Open 10K will receive a 20th Edition commemorative race day tee!

## Bib Manager and Allocated Bibs:

The Bib Manager is a feature available in the NGO dashboard on the Lakshyaa-VDHM website. It helps NGOs keep track of the bibs (race entries) given to them. NGOs can use this tool to:

When an NGO registers, it will get one bib to start with. This bib can be used for any race category, as long as the desired race category is still available. Once the NGO uses this bib by getting a donation, a new bib will be automatically added. NGOs can keep receiving more bibs this way until 26th September 2025 or until all bibs are taken — whichever comes first. Bibs are given on a first come, first serve basis.

## Charity Bib Donation Amount:

Lakshyaa sets a minimum donation amount for Charity Bibs. The race category-wise minimum donation will progressively increase as per the table below –

Race Category	Minimum Donation Amount* In July & August 2025	Minimum Donation Amount* In September 2025
Half Marathon	₹6,500	₹8,000
Open 10K	₹3,000	₹4,500
Great Delhi Run	₹2,000	₹3,000

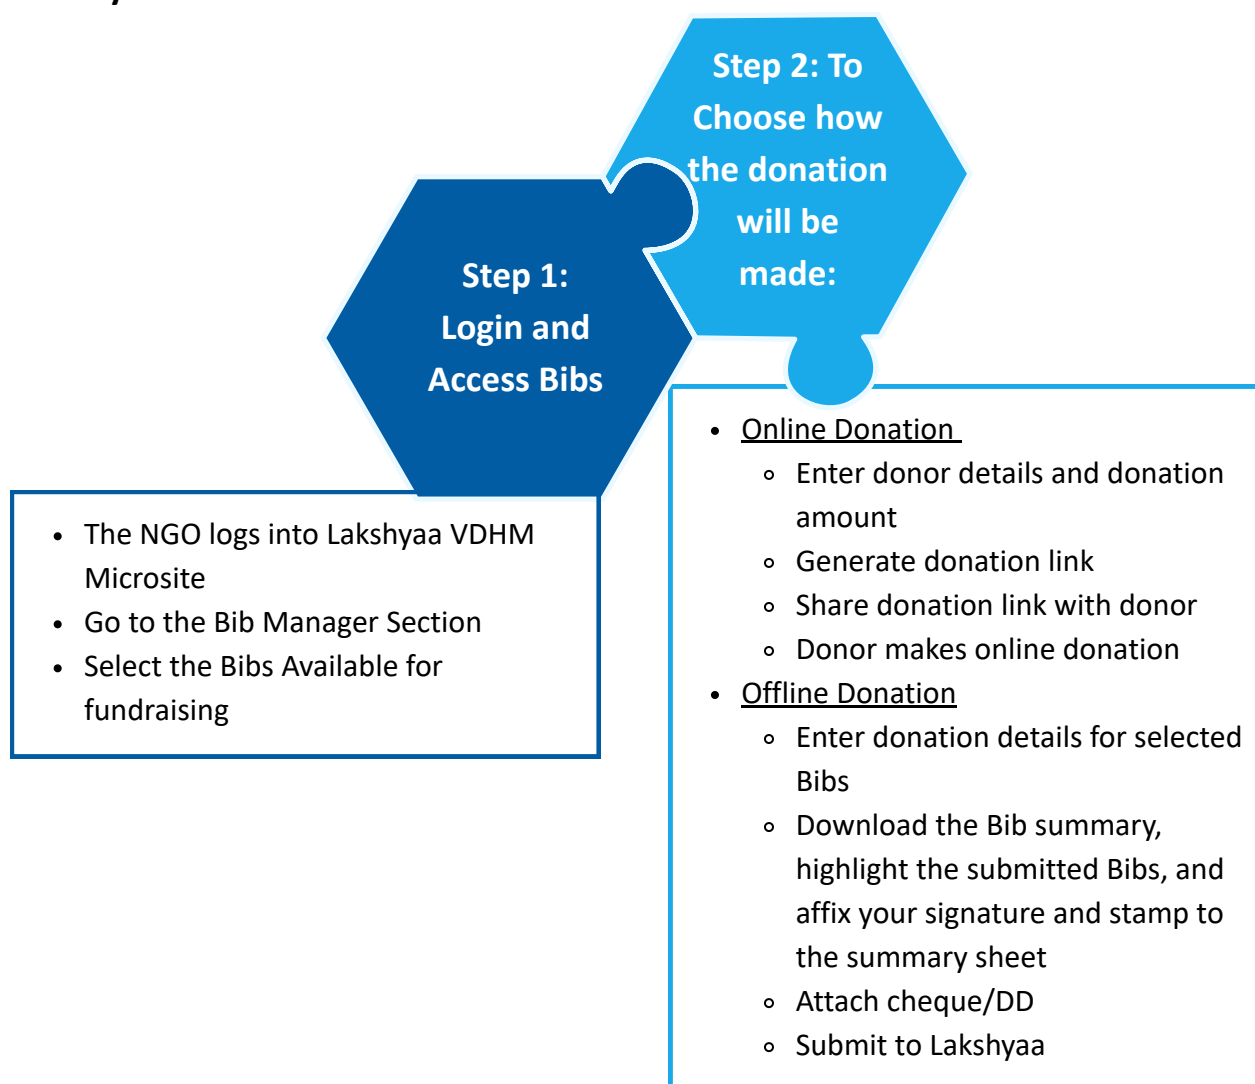

*\*To qualify for the minimum donation amount, the donation must reach the NGO on or before the last date of the respective month/period. Subsequently, the donation amount will increase progressively, as indicated above. For eg: Donation of minimum ₹6,500 must be received by the NGO for a half marathon Charity Bib no later than 31st August 2025; and any donation received later than 31st August, will attract a minimum donation of ₹8,000.*

**Service Charges of Lakshyaa:** NGOs are required to pay 10% or ₹5000, whichever is lower, of the Charity Bib donations to Lakshyaa as service charge inclusive of payment gateway and GST.

## Assigning Charity Bibs to the Donor:

NGOs can see their assigned bibs on Lakshyaa-VDHM microsite (under 'Bib Manager'). Once a donor is confirmed, the NGO can enter their details and either share a donation link or mode of offline payment related note. After successful donation, the donor gets a code by email to register on the official event website. Once approved, the runner gets a Bib, which they can collect as per details provided in confirmation communication. After this, a new Bib is automatically given to the NGO for the next donor.

## Charity Bib Submission Process

## Runner Registration

Once a donation and service fee is successfully confirmed in the Bib Manager, a voucher code will be generated and sent to the runner by email. The runner can then use the code to register for the event on the official event website.

The runner and the donor can be different people and thus NGOs need to provide the runner's email address in the Bib Manager to ensure they receive the voucher code once the donation is confirmed as successful.

## Race Fees

The Charity bib donation is different from the race registration fees. This means that runners will still need to pay the race fee separately during the registration on the event website. The fees must be paid directly to the Procam International.

## Charity Bib Collection Process

All the Charity Bibs obtained through an NGO will be given to the NGO on the first day of the Expo at the Lakshyaa counter for onward distribution to their runners. Charity Bib runners need to connect with their NGOs for their Bibs.

The NGO should leverage the physical handover of the Bib to include NGO information or other materials including race day props to their runner. We encourage NGOs to use the physical bib handover as an opportunity to nurture the relationship and build a great donor experience.

In case an NGO is unable to facilitate the same, they can submit a letter to Lakshyaa (before 4th October 2025) requesting for distribution of their Charity Bibs from the Lakshyaa counter at the Expo. Their runners will have to come to the Expo to collect the same from the Lakshyaa counter.
